

## DMAC USERS' MEETING - REGION 2 ESC

**FEBRUARY 22, 2024 | 9 AM - 12 PM | *Bring your own Device***

ESC 2 - ROOM 3-17; **SESSION # 297093**

**Join DMAC Specialists** as we highlight the latest enhancements to the software – There's always more to see!

### Updates to Online Testing

Elevate online assessments with TAG and TEKScore by increasing your efficiency when creating and managing tests or generating reports. Learn about our most recent item types (i.e., Graphing) and how to copy Content and Language Supports (CLS). We'll also feature the Lockdown Browser and provide tips for implementing the tool.

### T-TESS & TIA Options

Use the Appraisals applications in DMAC to create digital documentation and obtain signatures. Custom TIA Options are available for the Teacher Incentive Allotment (TIA) with Skew and Correlation reports to check the validity of your school's data.

### FormWorks®

Collect and report on custom data and tie forms to specific applications such as Student Portfolio, Learning Plans, PlanWorks® or Appraisals. Add approval paths or custom fields such as Student Expectations for truly dynamic forms.

### Q & A

Aside from what's new, this is YOUR meeting. DMAC offers 20+ web-based applications and we'll tailor the rest of the meeting to fit your specific needs. Please bring any questions, feedback or suggestions that would help your school take full advantage of these powerful tools.

**IMPORTANT:** this meeting covers A LOT of software in a short amount of time. If your school would like more in-depth training, sign up for our DMAC Academies or contact us for additional options.
